

EXAMPLE LETTER

Dear Mr. Juan Jose Guerra Abud,

1 I believe that the Vaquita Porpoise needs a lot of help! 2 I think that they could be saved if we either take away the fishing nets or even better, change the fishing nets in a way that the Vaquita won't get caught in them! 3 Maybe we can help them by putting cameras or sensors of some sort into the nets that can detect if a Vaquita is near or in the net! 4 The Vaquita porpoise shouldn't have to go extinct because of humans, so please, help us save them instead!

Sincerely,

Mikayla Elliot (Age 16)
